

Spot Solutions Announces Strategic Partnership with ControlScan

Offerings Available through ControlScan Provide Spot Solutions Clients with Quality PCI Compliance Solutions

Vancouver, BC and Atlanta, GA — September 17, 2008 — Spot Solutions Ltd.

(www.spotsolutions.com), a prominent custom software development and support firm, announced today its partnership with ControlScan (www.controlscan.com), a full-service PCI compliance and security solutions provider, to help its merchants meet mandatory requirements set forth by the PCI Data Security Standard (PCI DSS) Council.

“ControlScan provides great security solutions backed up by its excellent customer service and technical support,” said Ian Naumenko, senior network administrator, Spot Solutions Ltd. “Offering our service with ControlScan’s will provide additional value to our clients.”

Spot Solutions merchants will have access to ControlScan's full-service PCI solution, which includes a Self Assessment Questionnaire tool, on-demand security scanning and access to ControlScan’s merchant portal. Merchants can also take advantage of ControlScan's security certification seals, which typically help e-merchants realize an increase in online sales and a decrease in shopping cart abandonment.

“The partnership with Spot Solutions will allow us to provide their merchants with PCI compliance solutions and services while helping secure their customers’ personal information,” said Jethro Felton, executive vice president of sales and business development, ControlScan.

For more information about the partnership please visit www.controlscan.com/spotsolutions or call 800-879-6021.

About Spot Solutions Ltd.

Spot Solutions Ltd. helps businesses and organizations to implement technologies to increase their operational efficiencies, enhance sales, and profits. The company provides a full range of high quality software design and development, Web hosting, and managing services.

About PCI Compliance Provider, ControlScan

Headquartered in Atlanta, Georgia, ControlScan is the leading provider of Payment Card Industry (PCI) compliance and security solutions designed exclusively for small- to medium-sized e-commerce and retail merchants, which make up 98% of all merchants. ControlScan provides easy-to-use Web-based security solutions and a personal level of service that make it easy and cost-effective for these businesses to analyze, remediate and validate compliance. The company’s core offerings are complemented by a number of value-added products that help merchants maintain a high security posture and market their achievements to shoppers, most notably Breach Protection insurance and Verified Secure security seals. ControlScan is the solution of choice for small merchants and acquirers because it offers security solutions that are built specifically with the small merchant in mind, a personal level of service and the best value. Acquirers and other merchant service providers rely on ControlScan to manage PCI compliance programs for their entire merchant portfolios to ensure maximum compliance rates.
